We have included our tasks as well as our responsibilities here in brief so that our donors understand the connections we are making to our TG (target group): the vulnerable people who are in need.

It was not easy for us to start and reach our goals but nothing is impossible if the dedication and team is strong and proactive. We are committed to reach our goals by building strong partnerships with communities and donors; and now we have the courage to say that it is possible.

MESSAGE FROM THE FOUNDER/PUBLIC OFFICER

This financial year of our organization is being tremendous and we have approached the fourth year of our steps, Silent Hands Support Inc. prepares for another year to support the people in need and we are publishing an annual report of our activities that we tried to acknowledge for the society we work for. As all of us have a congenital tendency to celebrate any special moment with our families and loved ones. Just as we think, this wonderful moment is for all of our loved ones, those who are our donors, well-wishers, volunteers and service recipients. Because we believe that we are all a family in the basic sense of humanity. We want to share the moment with everyone equally who supported us in many ways.

In June 2018 we started our journey to help people, support disadvantaged children and families, empower people with a lack of education, and assist people with illness and disability, and many more. Above all, ending poverty upholds dignity. That time we thought that if we could help even only one person, our initiative would be successful. Alhamdulillah, today we have been able to put a smile on the faces of thousands of people. We hope to extend this helping hand to millions of people in the near future, Insha'Allah as we did in the last few years.

This issue of our annual report, celebrates the fantastic, ongoing support which you have provided to make our work possible. We include stories of programs that focus on the helpless people so that people may live in dignity and the future generations inherit a world full of humanity.

Many thanks to the almighty Allah for this achievement today. And we dedicate these things to all our supporters, well-wishers, donors, mentors, volunteers and everyone else. May Allah grant us and give the best reward to every one of us in this world and the hereafter.

Emergency Support

The global community is confronting unprecedented challenges due to the post pandemic circumstances. All our donors' support now is critical to keeping children and youth safe worldwide. In countries like Bangladesh where there are so many disturbances due to natural disasters and climate changes. By our collective effort of Silent Hands Support, we aim to support those people who are unfortunate and affected by natural disasters and diseases.

We pivoted to providing emergency hygiene kits, critical food supplies, and accurate public health information to children and families. We are stepping up to support people affected by the economic fallout and unsafe situations caused by the pandemic and natural disaster while searching for new ways to deliver key programming with limited resources. Our volunteers are providing lifesaving support to children and their families amid emergencies.

Special Aid Project

Children growing up in poverty face constant daily hardships and harsh living conditions that can steal away their childhood. On the other hand, elderly people are also becoming helpless in their last stage of life. Sometimes they do not get proper support from their family and society as well.

The problem of education and poverty doesn't simply add up to inadequate educational systems. The lack of resources and support in these communities mean children fail to attend school, fall behind and drop out. Our "Life Changing Platforms" give the opportunity to bring change to their lives. We want to bring a positive vibe in life so that children get proper education and elderly people get adequate support.

Your sponsorship or gift helps provide children access to life-changing education programs in the communities we serve through: Sponsor Child, Sponsor Orphanage, Rising Star and Elderly Allowances.
